ASHDOD, Israel

Arrival: 08:00

All Aboard: 21:30

M/V Celestyal Crystal sails to Limassol, Cyprus at a distance of 192 nautical miles.

Ashdod

Ashdod is a city on the Mediterranean coast of Israel, halfway between Tel Aviv and Gaza. One of Israel's two industrial ports is here. It is Israel's busiest port, with 60% of all imports and exports passing through it.

Modern Ashdod is known for its diverse population, with each wave of Jewish immigration represented.

Ashdod is on the meeting point of the yellow sand dunes from the south, the green lowland from the east (including the small Lachish river), and the blue Mediterranean Sea from the west. Therefore, you can find a surprising diversity of natural sights in one city.

The city is a young one, re-founded 50 years ago and grown dramatically during the last two decades. It is well planned and maintained, and its beaches and south regions are very beautiful. It regularly finds itself in highest places in rankings of the most beautiful and well-designed cities in Israel.
